

# More sensors, more solutions.

**SENSORS**

**VISION**

**SAFETY**

**WIRELESS I/O**

**Over 20,000 products to solve your applications.**

Recognized worldwide as the leader in sensor innovation, Banner delivers proven industrial solutions enterprise-wide. Over 40 years of engineering experience, dedicated technical and application assistance, and global availability make Banner the right choice for your plant.

## **SENSORS**

- Photoelectric, laser and fiber optic
- Ultrasonic
- Pick-to-light and indicators
- Contrast, color and mark detection
- Measuring and detection arrays

## **VISION**

- One and two-piece cameras
- B&W, color and high resolution
- Rugged IP68 solutions
- The widest array of lighting options
- Barcode, OCV and OCR

## **SAFETY**

- Light curtains (Type 2 and Type 4)
- Two hand controls
- Configurable controller and modules
- Optical and mechanical interlocks
- E-stop solutions

## **WIRELESS I/O**

- Point-to-point systems
- Advanced star network
- Preconfigured kits
- Field configurable devices
- Flex power (battery) and low power

**more sensors, more solutions**

**NEW**

### **SC22-3 SAFETY CONTROLLER**

- Configurable & flexible; meets Cat 4, SIL 3
- 22 inputs, 3 safety outputs and 10 auxiliary outputs
- Easier and lower cost than Safety PLCs
- I/O compatible with numerous safety devices
- On-board interface; multi-lingual support
